

Ryan Mroczenski

Summary Statement

As a graduate student with a strong track record in leadership and high-performance under pressure, I offer a unique blend of EMS expertise, teamwork, and prior internship experience with the DEA. Fueled by an interest in global conflicts and geospatial analysis, I am deeply committed to continuous learning and professional advancement. With a dedication to excellence, I am poised to make a significant impact in roles that align with my expertise and interests.

Work Experience

Bell Ambulance June 2023 – Present
Emergency Medical Technician (EMT)

- Respond to 911 calls within the city of Milwaukee and medical transports throughout southeastern Wisconsin
- Apply comprehensive knowledge of emergency medicine to perform thorough patient assessments, deliver appropriate treatment, and ensure stabilization for safe transport to area hospitals
- Establish a comforting rapport with patients and their families, fostering trust and enabling the collection of critical patient information to facilitate accurate and timely care decisions

Drug Enforcement Administration (DEA), West Milwaukee, WI June 2023 – August 2023
Student Intern

- Assisted in the preparation of reports, operational briefs, and affidavits
- Worked closely with DEA special agents, intelligence analysts, ATF, HIDTA, task force officers, and local law enforcement
- Monitored electronic surveillance
- Audited over 5,000 pieces of non-drug evidence
- Participated in DEA Special Response Team (SRT) training exercises

Milwaukee County Parks, Milwaukee, WI June 2017 – August 2023
Head Lifeguard

- Led, mentored, and trained crews of 15 and 48 lifeguards
- Managed the day-to-day operations including scheduling, training, pool chemistry and guarding
- Successfully re-opened a facility that had been closed for three years while creating and implementing new emergency procedure policies
- Wrote and presented biweekly memos to Aquatics management, addressing issues, proposing solutions, and providing updates
- Conducted performance evaluations for lifeguard staff, fostering a culture of continuous improvement and accountability while upholding a high standard of safety
- Selected to teach over 100 lifeguard candidates proper rescue techniques through a comprehensive 12-hour course
